

IGP Val de Loire Cabernet Franc - Cabernet Sauvignon

My grand-father planted this vine 45 years ago.

The very stony gneiss terroir is qualitative and reveals its high potential.

The winemaking process in stainless steel tank with traditional pumping-over of Cabernet Franc and Cabernet Sauvignon gives it strenght and character. The maceration lasts around 6 days.

With a cherry red robe, the wine is light, on the aromas of small red fruits, with a roundness in the mouth (not woody)

75 cl bottle

Wine area: Val de Loire

Type of wine: not woody red wine

Grape variety: 60 % Cabernet Franc - 40 % Cabernet Sauvignon

Winemaking: short maceration

Alc. Vol.: 12,5 %
