

## AOC Muscadet Sèvre et Maine sur Lie « Le Saint Versant »

« Le Saint Versant » is made from wines around 70 years old.

These vines are particularly well exposed. Combined with low-volume production, grape ripening is perfect.

Gneiss subsoils and upper layers of clay give this Muscadet a distinguished **minerality**.

Following manual harvesting, winemaking is carried out **traditionally “on lees”**, in underground tanks.

This wine is light and crystalline yellow.

Mineral smell reveals fine aromas of white flowers.

When tasting, this Muscadet is well-balanced, with a rich fruity elegance, and a hint of freshness.

“Le Saint Versant” is recognizable by its persistency.

75 cl bottle

Wine Area: Val de Loire

Type of Wine: dry white wine

Grape Variety: 100 % Melon B.

Winemaking: on lees for at least 10 months

Alc. Vol.: 12 %
